

Christmas Wish List

Dear Editor,

With the holiday season underway I want to share my Christmas wish list for making Boulder City a better and more prosperous community in 2011.

- 1) That the green fees at the Boulder Creek Golf Club be increased to cover the actual cost of operation and to reimburse the 90%+ of Boulder City residents who do not golf there, but who have been forced to subsidize BCGC through their utility payments.
- 2) That if convicted on the charges of burglary, possessing stolen property, or DUI, Larry Markotay receive the maximum sentence allowed by law.
- 3) That Police Chief Thomas Finn abandons creative writing and takes up writing tickets.
- 4) That the statues purchased by the City be listed on Ebay and any money raised through their sale be donated to Emergency Aid of Boulder City.
- 5) That Judge Victor Miller be elevated to the People's Court so he can share the bench with Judge Judy in California.
- 6) That Finance Director Tim Inch writes a check to the City to cover the revenues lost from the business license violations that were never pursued.
- 7) That the City Council starts spending our money like it is coming out of their pockets.
- 8) That the next time City Attorney Dave Olsen needs help the City hire Glenn Lerner & Associates, Jacoby & Meyers, Half Price Lawyers or Prepaid Legal Services.
- 9) That Dennis Mayes actually follow the advice of his attorney, Bruce Woodbury, and make a donation in the amount of the fine he avoided to a local charity.
- 10) That residents writing letters to the editor, and purchasing space for political advertisements, not represent speculation as fact, gossip as news, or criticize others for performing the same acts that they themselves commit.

Happy Holidays to All!

Dick Farmer
